ABOUT ME

Pipeline welder qualified in 6G SMAW open-root (ASME Section IX, Sep 2026), with 5+ years of arc welding experience in pipe, pipeline, plate and structural fabrication on carbon steel (P1). Worked in Pakistan and Saudi Arabia. Trusted by site engineers with technical welding tasks. Seeking a full-time Pipeline Welder position in Saudi Arabia or internationally. Willing to take employer or EN ISO 9606-1 tests. Confident communicating in English, including in interviews.

WORK EXPERIENCE

AL RAWAF CONTRACTING
Madinah, Saudi Arabia
Jun 2025 - Present

Loader & Unloader Worker (site welding & fabrication duties)

- Carried out welding and installation work on a 500+ m pipeline section, assigned by the mechanical engineering team, together with pipe fitters, grinder men and the crane crew.
- Fabricated steel frames and welded earthing strips.
- Supported the electrical team with earthing strips and cathodic protection test points (STP/DPT) on 60" and 72" pipelines, installed by pin brazing.
- Covered the storekeeper role independently for 1 month.
- Trusted by site engineers for demanding technical and welding tasks.

LOCAL WORKSHOP
Lahore, Pakistan
2023 - 2025

Arc Welder

- Welded thick plates, frames and structural steel.
- Supported pipe welding and worked alongside senior welders.
- Cutting, grinding and surface preparation; safe hot-work practice.

CAPITAL SMART CITY PROJECT
Islamabad, Pakistan
2021 - 2023

Arc Welder

- Heavy plate and structural welding on frames, doors and industrial components.
- Basic-to-intermediate pipe welding and fabrication in 1G-6G and 1F-4F positions.
- Joint preparation, tack welds, final runs and grinding; electrode and amperage selection.

LOCAL FABRICATION WORKSHOP
Chakwal, Pakistan
2019 - 2021

Arc Welder

- Fabrication, repair and maintenance welding.
- Welded thick material, heavy-vehicle frames and support structures.
- Grinding, finishing and quality checks.

WORKSHOP (UNDER COUSIN)
Near Chakwal, Pakistan
2018 - 2019

Apprentice Welder

- Started welding straight after Matric; welded thick broken metal and structural jobs.
- Built strong welding fundamentals and arc control over 8-12 months.

CERTIFICATION

Web Coding

Learning Welding Inspection

Learning New Skills

ALLIANCE INFINITE
Cert. No. AI-TRN-67636
Tested 08 Sep 2026

Welder Performance Qualification (WPQ), ASME Section IX

- 6G, SMAW, groove weld, open root, P1 carbon steel, 4.5-inch pipe coupon.
- Radiographic test (RT): satisfactory.
- Valid until 07 Mar 2027 (extended with welding continuity records). Verifiable by QR code on the certificate.

EDUCATION

BISE RAWALPINDI
Pakistan
2018

Secondary School Certificate (Matric, 10th Grade)

- Self-learner: welding skills built on the job; frontend development self-taught since November 2025.

SKILLS

- PIPE WELDING (6G)
- SMAW (ARC WELDING)
- PIPELINE WELDING
- ASME SECTION IX
- WPS KNOWLEDGE
- READING ENGINEERING DRAWINGS
- STEEL FABRICATION
- JOINT PREP & GRINDING
- HOT-WORK SAFETY & PPE
- TEAM WORK ON SITE
